Tiger Coaching Staff

RALPH "RED" HUFFMAN
Head Football Coach

PAUL B. GROSS
Director of Athletics

CADE SURAN
Head Basketball Coach

MARION McDONALD
Assistant Coach

ALEX FRANCIS
Head Track Coach

Tiger Coaching Staff

PAUL "BUSCH" GROSS, Director of Athletics:

After piloting Tiger basketball teams for sixteen years, "Busch" is now acting chairman of health and physical education and director of athletics.

Gross entered Fort Hays State as a freshman in 1917, took time out for service in World War I, and graduated in 1922 after starring in both football and basketball. He coached high school athletics one year at La Crosse, one at Howard, and six years at Augusta where his championship teams were known throughout the state.

Gross returned to his alma mater as head basketball coach in 1930. He served as co-director of athletics until 1935 when he was full director. His basketball teams tied for the conference title twice and were in second position many times. He relinquished active coaching duties in 1946.

Gross received a master's degree in physical education from the University of Missouri in 1939.

RALPH "RED" HUFFMAN, Head Football Coach:

Taking over the football reins at Fort Hays State three years ago, after a war-time lay-off, "Red" found himself faced with the task of completely rebuilding the Tiger eleven. The 1946 eleven won 2 games, lost 4, and tied 2. In 1947, the Tigers were in a third place tie in the conference standings, having won 5, lost 3, and tied 1. Last season, a tighter conference scramble gave the Tigers undisputed second place in the final standings with the same percentage (won 5, lost 3, tied 1) they had in 1947.

With an impressive playing record behind him, Huffman was named an all-conference and all-state football center in 1936. After receiving his degree from Fort Hays State in 1937, he coached for two years at the high school at Atwood and Dodge City junior college. He became a member of the physical education and coaching staff at Fort Hays State in 1942. In 1943-44, when football was dropped due to wartime conditions, Huffman served on the physical education staff in the army aviation program here at the college. In the fall of 1945 he joined the coaching staff at the University of Kansas where he was line coach in football.

Huffman received his master's degree from the University of Missouri in 1942. He is married and has two sons, David and Donald Ralph, jr.

ALEX FRANCIS, backfield coach, also serves as head track coach, a position he assumed in 1946. His track team annexed the first CIC championship in Fort Hays State history in his first season as head coach. In 1948, the Tiger thin-clads shared the title with Emporia State and in 1949 ended up in second place.

Francis, a star place-kicker in football, was graduated from Fort Hays State in 1935 and received his master's degree in physical education from the University of Missouri in 1940. He coached football and track at the high schools at Mankato, Holton, Oberlin, and Abilene. He served four and one-half years as a physical training director with the army air corps, being discharged with the rank of captain. Besides his coaching and teaching duties, Francis is director of the men's intramural program at Fort Hays State. He is married and has two sons, Michael and John.

CADE SURAN, assistant coach, also serves as head basketball coach. He assumed this position three years ago. During the 1946-47 season, his team won 11 games and lost 8. In 1947-48, the group won 14 and lost 6, finishing in a tie for third in the CIC. Last season, they finished in second place in the conference, winning 16 and losing 6.

Suran attended high school in Kipp, Kansas. He later was enrolled for a time at Emporia State Teachers College. He then attended Kansas Wesleyan University and was a varsity forward four years. He was high scorer in the Kansas conference in his sophomore and junior years and was captain of the all-conference team when he was a junior. He began his coaching career at Harlan, and then went to Downs where he won one state championship and one second place. During his five years at Wellington he won one Ark Valley championship and one third place in the state class "A" tournament.

Suran is married and has two daughters, Sue and Kay.

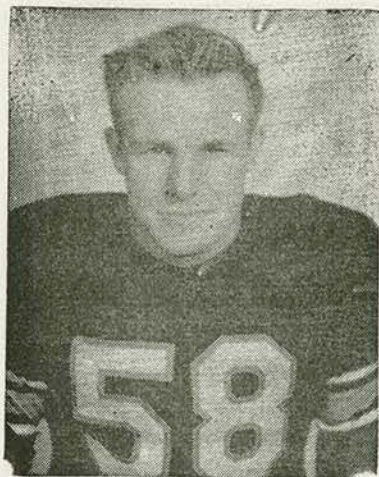

MARION McDONALD, "B" squad coach, is beginning his first season on the staff of the Fort Hays State department of health and physical education.

McDonald received his Bachelor's degree from Fort Hays State in 1937 and a master's from George Peabody College in 1938. He has one additional year of work toward a Ph. D. degree at George Peabody College and one summer's advanced work at Boston College.

McDonald coached and taught physical education at Western Carolina State Teachers' College at Cullowhee, North Carolina for eight years. His tenure there was interrupted by two years' service with the army air forces where he served with the athletic and orientation branch of special services. He was discharged in 1945 with the rank of first lieutenant. He returned to Cullowhee after the war where he served for two years as head of the physical education department. Last year he returned to Kansas and was on the coaching staff at Washburn College.

McDonald has had 12 years experience as a leader in Boy Scouts. He is married and has one son, William.

Tonight's Game History

Tonight's game will mark the beginning of conference play for both the Southwestern College Moundbuilders and the Fort Hays State Tigers, and it will be the 22nd time the two schools have been opponents of the gridiron.

If game history holds any indication of what tonight's outcome will be, it would seem that the Tigers have an edge over the Builders. Out of the 21 games played, the Tigers have won 13 games, lost seven, and tied one.

1917 was the first year the two schools were gridiron opponents. In that tussle, the Tigers barely edged out the Moundbuilders 23-20, but the Southwestern club came back in 1919 and trounced Fort Hays State 10-0. 1921 is the next game on record between the two teams, and that time the Tigers retaliated with a 14-7 win.

It was not until 1928 that the two squads faced each other again, and that was another year for the Moundbuilders who held the Tigers scoreless and racked up seven points for themselves. Fort Hays State played Southwestern every year after that until 1943 when most of the squad members were called into the service..

The only tie on record came in 1931 when the two clubs battled it out for four quarters without a score.

In 1932, the Tigers started a winning streak over the Builders, and they won eight games straight before the Builders finally made a comeback in 1940 to trounce the Hays team 14-0. The years following, 1941, 1942, and the first post war game in 1946, were all winners for Southwestern. Since that time, however, the Tigers have dominated the play. In 1947, they ousted the Southwestern team 28-0, and last year the final score was 27-0 in favor of the Tigers.

While these two teams battle tonight, four other teams in the Central Intercollegiate Conference will also be lifting the lid on the 1949 league play. The Washburn University Ichabods face the 1948 champs, the Emporia State Hornets, at Emporia, and the St. Benedict's Ravens are slated for a tussle with the Rockhurst College Hawks at Kansas City. The Pittsburg State Gorillas, another member of the seven-team C.I.C. will meet the Tigers at Pittsburg next Saturday night—the opening conference game for the Gorillas.

1949 Football Rules Changes

1. **AUTOMATIC TIME OUT AND UNLIMITED SUBSTITUTIONS EACH TIME THE BALL CHANGES HANDS, WITH TEAM "B" (the defensive team) BEING AWARDED A FIRST DOWN.** This will give the teams employing the two platoon system ample opportunity to substitute entire offensive and defensive units without being charged with a time out. Each team is entitled to four free time outs during each half and even after a team has exhausted its free time outs, it may have additional time outs to replace an injured player or players without penalty, providing only the injured player or players are replaced. During such time outs the opponents may make unlimited substitutions. The rule leaves unchanged the practice of unlimited substitutions any time the clock has stopped but these substitutions must be completed when the referee indicates the ball is ready for play.

2. **A LEGAL PASS INCOMPLETE IN THE OFFENSIVE TEAM'S END ZONE IS NO LONGER A SAFETY.** A team can now make a pass if it wishes within the confines of its own end zone without risking a safety on the pass becoming incomplete in its end zone; as on other parts of the field, the result will simply be loss of a down and the ball will be returned to the spot where it was last put in play. If, however, this team should complete a pass in its end zone and the runner should be tackled behind his goal line, the ball becoming dead there, the result will be a safety.

3. **THE RUNBACK OF A PUNT RECEIVED IN THE END ZONE WILL NOW BE PERMITTED.** This year the rules permit a safety man to run a punt out of his end zone instead of being forced to accept a touchback. Even if tackled in his end zone, the ball being declared dead there, he has nothing to lose inasmuch as he will be awarded a touchback and the ball will be put in play by scrimmage on his 20 yard line. As most football fans will remember, the determining factor between a safety and a touchback is IMPETUS. In other words, if the attacking team is responsible for putting the ball in the defending team's end zone and it becomes dead there, the result would be a touchback. If however, the defending team is responsible for putting the ball in its own end zone and it becomes dead there, the result would be a safety which scores two points for the attacking team and the ball is next put in play on the defending team's 20 yard line by a kick.

4. **THE REGULATION PERMITTING ONE SUBSTITUTE TO ENTER THE GAME AT ANY TIME WITH THE CLOCK RUNNING HAS BEEN RESCINDED.** The new rule was aimed at the constant parade of substitutes running on and off the field between every play, which in many ways disrupts the continuity of the game and is most confusing to those watching the game.

5. **FUMBLT OUT OF BOUNDS NO LONGER BELONGS TO TEAM WHICH LAST TOUCHED THE BALL BEFORE IT WENT OUT OF BOUNDS.** The new rule states that when a backward pass or fumble goes out of bounds between the goal lines, the ball becomes dead and belongs to the passing or fumbling team at the out of bounds spot. This rule is more equitable to the team who has fumbled the ball and eliminates players diving from all directions to try to touch the ball before it goes out of bounds, thereby eliminating the possibility of unnecessary injuries.

These three regulations were adopted in order to further clarify and define debatable points:

6. **THE CLIPPING RULE HAS BEEN AMENDED IN ORDER TO ELIMINATE UNNECESSARY PENALTIES.** The old rule called it clipping whenever a player was hit from the back even though it was not intentional. The new rule states that the action must take place below the waist, and reads as follows: "Clipping is throwing the body across running into the back of an opponent, other than the runner, below the waist."

7. **CLARIFICATION OF ILLEGAL USE OF THE HANDS IN BLOCKING.** In the past it was possible for a player using a shoulder or chest block to supplement it with his hand or forearm and inflict considerable punishment upon his opponent even though he could be penalized for illegal use of the hands. Now in order to try to eliminate this practice the Rules Committee has specifically fixed the position of the hand in a shoulder or chest block by stating that the hand must be in contact with the body during the entire block and at no time may the hands be locked.

8. **BACKFIELD MAN UNDER THE CENTER AS A LEGAL PASS RECEIVER IS BETTER DEFINED.** The old rule merely stated that this man must be at least 1 yard behind the line of scrimmage in order to be eligible to receive a forward pass. It was next to impossible in most cases for the officials to determine whether or not this man was 1 yard behind the line of scrimmage. In order to leave no doubt as to the eligibility of this man the clarification states: "A back who is in position to take a hand-to-hand snap from the center is an ineligible forward pass receiver." A back is considered in position to take a hand-to-hand snap if at the time the ball leaves its position on the ground, his feet and body are so placed that it would be possible by reaching with his hand to touch the ball before it leaves the snapper's hand. This applies even though this back's feet and body are 1 yard or more behind his scrimmage line.
